WELCOME TO YOUR MULTI YEAR REUNION

On behalf of this year's reunion committee, I want to welcome you all to the North Miami Beach Sr. High Multi Year Reunion. It has been 40 years since NMB has opened it's doors. Not only was the school new and exciting, but we were all starting our experiences there as young adults, with wide eyes and hardly any expectations of what was coming.

Oh were we surprised at what was waiting for us! Split shifts, young teachers, poetry and movie making classes, and principals who drove motorcycles in our gym, were all part of a modern progressive high school. I believe attending a high school like ours helped us better prepare for life and all the events and milestones that came with it.

The friendships we built during that time of our lives are demonstrated by the number of attendees at this weekend's reunion. We all still feel the bonds of our past...bonds that will hold us together for the rest of our lives!

The planning of this reunion was done as a labor of LOVE and with thoughts of each of you in mind. We hope you enjoyed the company of friends and classmates, and continue this tradition. Lets remember these times as the best of times, but lets also reflect on why we are all together.

Susan: Having Mr. Sanderson throw an eraser at me and calling me "Frosty" (I had a frosted streak in my hair) Sitting in front of Mark Lundy in Mr. Sanderson's class...and Mark making heartbeat noises almost all quinmester. Losing the class election by a close margin to a girl named "Sunshine".....LOL! Where am I today... and where is that chick?

Bernie: "A new friend is valuable, an old one is priceless" by Sum Won Els

Steve: I used to go to the gym to watch the gymnastics team's practices and gym meets. Ten years later I married one of them, Lori Foster Weiss.

Jeff: I can't believe I got credit for Lyrics of Modern Rock Poetry.

Doug: Key Club vs. Leos rivalry. Announcing at the basketball games. The greatest teacher EVER, Bob Sanderson!

Scott: I have had to live with this guilt. I let Muki Alker see my answers for Mrs. Rodriguez's algebra exam. However, given the same opportunity, I would have done it again and again. I have learned to live with that guilt.

Francine: Music Lab - Sam Harris. He was an inspiration to all his students and made us all feel like stars. That moment in time will forever be a happy memory of my life. Thank you Mr. Harris.

Mark: Working at The Lemon Tree with Fred, Konrady, Klemme, Zuber, and others and having it be a major hangout for our class.

Steve: Great Memories: JV & Varsity Basketball, Met Great Life Long Friends, NMB Charger For Life

Susan: Always remember GOOD FRIENDS, GOOD TIMES Fav Story: When TOOTS and I (BUBBLES) missed the track bus to Edison HS and took the MTA and had to walk to the meet...

IT IS WITH HEARTFELT GRATITUDE THAT I THANK THE FOLLOWING PEOPLE FOR ALL THEIR HARD WORK, TIME AND EFFORT. FOR WITHOUT THEM THIS REUNION WOULD NEVER HAVE TAKEN PLACE:

CHARLENE KOSSUTH HENIG - The idea for this whole event came from you, and i thank you for that. Your calm cool laid back demeanor kept us in this game for almost 2 years.

TERRY BECERRA PHILIPS - What can I say the most beautiful woman I know inside and out? You are the epitome of what we all can aspire to, not only in your public persona, but your private life as well. Without you by my side on this we never would have gotten through this. Its your time my friend...enjoy it!

LAZ ROTHSTEIN - My lawyer, my friend, my accountant, my confidant. Without your number crunching, your legalese and your very different sense of humor, I would never have been able to do the things I have for this reunion. I can't wait to see the picture of you in your nik-nik.

JAY "GATORJBONE" SANDHOUSE - Your expertise in not only social and multimedia, but teaching as well, has helped me keep my humor about all this (all your stories)! Your skills have kept me organized and on track the entire time for several reunions now you have done an unbelievable job of keeping us in this century! May you run a million miles with the wind at your back..and for you just this once and only this once I will say...GO GATORS!

JODY PLATT STEINLAUF - Your just do it attitude brought a sense of calm for me. If you were asked to do a task, or you volunteered to do a task, I never had to worry that it would get done; you were all over it! What a joy!!! Can't wait to get on the tennis courts with you; I know we both will enjoy the competition!

BONNIE KOBRIN - Your sense of style, your determined spirit and your "I can do this" attitude has carried me through many a phone call. Your humor has also helped me through many a time I felt a bit verklempt. Thanks for all you do.

SHARI GHERMAN, ROBYNE HAVEN-ZIMMERMAN & BETSY HAVEN DEPASQUALE -

Thank you for the beautiful booklet you created and the hard work on attaining the ads. You guys did a great job as usual. Class of 76 rocks...love you guys!

ADELE ZUM - Girl you rock!! If I ever need something done, you are the woman. You had an idea, we said yes and you ran with it and never looked back. I appreciate how you handled your business

MERYL KRAVITZ TENNEN - Your weather reports kept me in a sunny mood most of the way here.

For all the people that helped make calls, create badges, help decorate, and did numerous other tasks that made this reunion a success, I thank you from the bottom of my heart. This reunion would never have happened without cooperation from all of you.

THANK YOU TO ALL YOU CHARGER ATTENDEES. WITHOUT YOU, THIS PARTY WOULD NEVER HAVE HAPPENED. IT WAS A JOY TO PLAN AND EVEN MORE JOYOUS TO ATTEND.

Rhonda: I remember toilet papering David Young's house the morning of graduation along with Vicki Assam and Scott Rosenberg and others. Boy was that fun (and scary at the same time)!! I loved being in orchestra playing the violin with Vicki Assam, Harry Green, Corbin Johnson, Larry Kessler, and Steve Brant. Going up to Tallahassee for State Contest was a blast. Spending summers in Monterrey, Mexico learning Spanish with Frank Maristan, Lance Simkins, Ellen Jaffe and Margie Meyer was unforgettable.

Kenny: THE PASSAGE OF TWO DEATHS. The last breath exhaled is the first death. Ask how we lived, not how or why we died. Final death occurs when the last person who ever knew us mentions our name. So shout our names, we hear you. Hold our hands, we feel you. Embrace and kiss us. Let's laugh and love. Let's sing, dance and reminisce. We are of the present, not of the past. So let's get high for we have yet to die. Long live immortality! Go Chargers!

Jolie: I left for Memphis Tennessee after 9th grade but the fondest memories of great friends have stayed with me forever! I am so happy to re-connect with everyone!

Lisa: Charlene, David, Andy, Chuck, Steve, Howie, Jay, Mike, Mike, Wendy, Lynn, Hilary, Debbie, Moises, Paul, Jeff, Ellen, Ricky, Kenny, my sweet Caroline Pickard, Creature Feature, Sat Night Live. Normal nice people and families. The greatest place to grow up.

Sheryl: David Rutman asking me out on my first date ever, in front of the little theatre. All of the great plays I was involved with. Potential... I loved high school!

Ellen: The sound of the typewriters in Mr. Singer's classroom - boy the sound of those IBM Selectrics were something else...!

Terri: High school was a bit awkward for me. I really didn't feel like I fit in anywhere. I had my close group of friends and hung out with them constantly. I loved the art department and just wished I could take art classes all day long. In 10th grade I was asked to paint the Wrap Room and so I painted a Peter Max design on the entire wall. That room was really cool because it only had a carpet and bean bags in it. Does anyone remember it?

I also remember getting my first car which was a VW beetle stick shift and I felt so grown up pulling in the student parking lot with my own car! The following year I got a Capri and that car was tons of fun and really fast!

I remember we had some really cute boys in our school only I was too shy to talk to any of them. I had a big crush on a guy named Marc Handelman he was so cute!!

I loved going across the street to the car wash to get my snacks. I loved the french fries and ketchup in the cafeteria.

I remember when several of my friends went into The Seed and were no longer allowed to talk to any of us surfer girls or surfer guys. That was strange. I remember looking forward to the weekends so we could go up coast to Sebastian to surf. The waves were great up there and I loved to surf.

Howard: Toni Quinones MG getting crushed in front of NMB

Merliyn: Mrs. Deloris Washington (my DCT Teacher) was a BIG inspiration to me while attending NMB. I never gave up on my goals in life no matter what obstacles I had to face (good or bad). I thank her sooo much for being that special Teacher most students would love to have.

Sue: Music Lab (1972-1973...11th and 12th grades) with Mr. Sam Harris. We played rock concerts for the school and got academic credit for it! I played the piano and was a total Carole King wannabe back then. Good times!!
Dr. Ken Jenkins was a totally awesome principal and was so innovative. I am so grateful I was lucky enough to experience all of his ideas before the whole school changed into a more traditional scenario.

Scott: Having great high school classmates

Laz: Great musical performances as part of the NMB jazz band, marching band and orchestra.

Charlene: Learning how to water ski with Chuck Muchnick on his boat, in Maule Lake, going to Beer Can Island, Neba Hero, Lisa, you were there too! Lori Olin & I, loaning our ten-speed bikes at Greynolds Park on a Sunday, to two guys that we knew, & them never coming back, we were fooled, & too young & dumb to do anything about it. We were afraid to tell our parents the truth, & told them they were stolen! (Which was sort of the truth, lol)

Remembering, getting “tagged”, in class, by Carolyn Pickard, to find out I was chosen as one of the NMB Cheerleaders! I was hysterically happy, sitting next to Ricky Lavin, who was joking & hysterical, making me even more hysterical!

Painting huge banners at my house, with all the girls from our squad, for the gym, and the fences at the Football games. We would hang them up for the Pep Rallies, how much fun we Cheerleaders had!

Learning how to drive a stick shift, with Bobby McCullem, in his yellow VW Beetle, he brought me a bouquet of the most beautiful Red Roses, & I never got to really thank him for them!

Thinking about the day, we were all in homeroom, with the Principal coming over the loud speaker, to announce that Lori Sonz had died, & running down to the office, where all the other Cheerleaders ended up as well, only to be devastated in grief and sorrow! It was such a tremendous loss for all of us, so young, so sweet, & what would be the beginning of us learning the true meaning of loss.....

Remembering Kenny Snyder being the only one who would bring my homework from school for me, when I was in bed with Mono for a month! We have remained the best of friends for all of these years.....that's a true friend, & I Thank You, Kenny!

When Lisa Lefton and I were working at "Pirate's World", & having so much fun, working at the different attractions, the log flume, the steeplechase, & getting to go to all of the amazing concerts we got to go for free, like Grand Funk Railroad, Three Dog Night, & so many other bands, before they were well known STARS!!!

Going to all of the Bat and Bar Mitzvahs of my friends, & how excited I would be, when an invitation came in the mail! No fancy bands, decorations, attractions, or anyone trying to outdo the other. Simpler was better!

The Homecoming games, & Ilene Witus and I walking around the stadium, as “Princesses”, so much fun!

Being in “love”, with the Star Basketball Player, David Zimroth, who switched over from Dearborn School, to NMB, and brought an exciting and successful season, bringing our NMB team to the “finals”, it was far out, to say the least!

When Steve Nicosia forgot to wear his “cup”, at a game, & the baseball players made a circle around him on the baseball field, so he could slip it on down in his pants! Steve went on to play professional baseball, making it to the Pittsburgh Pirates, when they went to the World Series...that’s if I remember correctly!

Learning to drive, with Coach Holley, & his big hat, in Driver’s Ed, in our new “Challengers”, on the pavement, behind the school!

Mr. Maristany, throwing erasers & books, in Spanish class...it totally worked, we learned Spanish out of fear, for which I thank him...if he did that today, he'd be arrested & taken away, for abuse! He was the best teacher, with all of his untraditional methods!

Mr. Cook, teaching Shakespeare, which opened a whole new world, & helped me appreciate the theatre, & Shakespeare, to this day!

Mrs. Pickard, & her English class, which was so enjoyable to me...she was so young & pretty, I found out years later, both Carolyn Pickard, & Bob Cook, were only about 8 years older than us, the same age as my husband, but back then, it was such a big deal, & now it is nothing!

Being one of the only few, who wanted to dissect a cat, in Anatomy & Physiology, with Mr. Saponaro & Weiss. Kind of disgusting, but incredibly amazing experience. If you know me, you understand!!!

Begging Mr Grippo to pass me in Geometry my Senior Year...promising to do a project over the summer & pass it in, which I never did! Thank you Mr. Grippo, I just could never "Get It"!!!

Sue: I was the piano player and sang Carole King type shit lol. I was a Carole King wannabe back then. A lot of people in class of 73 remember that phase. Wrote my own stuff and sang it (OY!).

Being in Music Lab (the first one ever) with Sam Harris. We had the best time ever. Also Social Issues class with Sam Harris. We went to see Dick Gregory speak. That really had an effect on the way I think to this day. If you don't know who Dick Gregory is...that's because you are not as old a fart as I am! LOL

Lisa: I was a member of Potential Unlimited, which was the brightest memory I have of my years at NMB. People may remember us for the knapsack carrying, Earthshoe wearing, yoga and massage enthusiasts that we were (and maybe some of us still ARE)! What about our "Give a Damn" T-shirts with Dr. Jenkins face?

Scott: The fun and innocence of our youth; running laps around the school for Coach Kouri at 7 AM on Saturday's; sitting next to Terri Phillips in Spanish class; cutting up with Steve Blumenfeld in physics; hanging on the cafeteria wall; knowing that I and the athletes would stand up and honor the flag during the pledge in homeroom; admiring what a great guy Joe Gaspar was when I was in his class in 9th grade; always admiring how classy Ruthie Wagner, Joy Peltz, an Janet Niditch were; walking by Leslie Dorn without him recognizing me the day after I had my long hair cut in 9th grade; seeing Bill Dudziak dressed up in a nun's habit at a football game on Halloween.

Lots of love.

Suzi: North Miami Beach Senior High was an integral part of my life-I had such great friendships and some have continued on to this day. My music and acting career started in high school and continues on to this very day. When I think back on those four years which seemed like a lifetime, I can truly say, it was a BLAST!

Jodie: Every day was such a wonderful experience and my memories in school, as well as in after school activities Brings to light how lucky I was to be surrounded by such a diverse and yet warm, caring and fun group of kids; who I now find to be, thank to the many reunions and get togethers, the same warm, caring and fun adults. And that's all I'm putting on paper, leaving the real juicy stuff for one on ones. And you know who you are and what I mean. Wishing everyone good health and happiness always.

Denni: How 'bout skipping school to go to JJ's, the Mall, or look for peanut pants at Just Pants I go back to stopping at Arby's for Jamoca shakes on the way home from Haulover...drive in movies with 20 people, and going to Beach High soccer games, and dances, because they were even cooler there.

Val: Hanging out on the side of the school watching the kids smoke, skipping school, starting riots and just having fun. Hanging out at the 163rd street mall asking for spare change or bumming cigarettes. And of course hanging out at Haulover Beach, on the weekends during the day with the surfers, and at night, Bayside with the party people. Learning to smoke cigarettes (thank goodness I gave that up), smoke other things. Taking the bus... hitch hiking...concerts. hitch hiking to concerts and to the beach with Cheri Maschinot...taking the late shift for school so I could go out dancing in the discos at night with Roberta Godfried and Linda Wilensky. My sweet 16 birthday party, everybody went skinny dipping at the school across the street and the cops came and busted up the scene. My first love, Dell Mucci.(older guy not in our school) Ahhh.. those were the days...

Cary: My best memory from high school and my life: Having a long-time friend in Dr. Doug Barimo, who is the kindest and most thoughtful human being I have ever known. Doug has been my best friend through the good and bad times in my life. He is always been there for me and my family. Always. I love him like a brother and hope every one of you can call someone like Doug a best buddy. Thank you Doug. Thank you. And for those of you who don't know Dr. Barimo, make sure you introduce yourself to him at the Reunion!!!

My funniest memory: Getting arrested with Ronnie Shapiro, Larry Nathan and Howie Brodsky during my junior year. Ronnie, as funny as he always was, had a great idea: shooting a moon out the front window of the car I was driving one winter night en route to NMB to play some hoops. Unfortunately, Ronnie shot that moon to an off-duty police officer. We were taken to the NMB police station, interrogated furiously and scared straight. The police chose not to pursue matters when they saw how pissed off our parents were. Thanks Ronnie!!!

Jesse: Shari, you are always on my mind and you mean so much to me. As my big sister, a good friend that I can never pay back for all the good things you have done for me. Thanks and I love you forever as my sister. Your bro. Shalom

Mark: I have wonderful memories from my high school years that include: working at Lemon Tree with my friends, Fred, Scott, Carol, Vickie, J.P., and about a dozen others whom matriculated through; hanging out at Haulover, day and night; driving around endlessly in my green celica; meeting friends in the school parking lot; running the bases at night; walking the hallways of the school to check out all the babes (and 30 years later, there are more babes than ever...and you know who you are!!!); drama class with Trish the dish; missing prom to be with Marla (and still not regretting it); hoodlums painting "this school sucks donkey dicks" and having it repainted with the original, non-faded paint; skipping class with Carol, Jodie and Kim; and my favorite memory is....having the best lifelong friends that I knew would always be in my life, even if there was a thirty year break in contact...I really loveyou all, and wish we could all move to an island and live together for the remainder of our days....

MORE MEMORIES...

Fred: Hanging with the BOYZ (Schulsinger, Molasky, Amiel, Horowitz, Rubin, Blechman, Epstein, Dorn); playing football on the weekends at JFK getting my butt kicked by Steve and Charlie Matanis; going to Haulover Beach after school; partying in the "stairways to heaven" in the school and also in the student parking lot; skipping class and hanging across the street at the shopping center.

Carol: Sabal Palm Memories: Running track with my Roadrunners buddies and going to track meets with Mr. Catlett. I still have my ribbons and medals. JFK: Hanging at Skylake Mall with my best bud PHILLIPS going into Food Fair for our five finger discounts. Swimming at Black Cow and the nearby lakes, the Civic Center. Halloweens in front of the Haven's house, ten speed bikes. NMB: Split shifts, skipping, smokin bones, munching out at Corky's. Sneaking pliers into Driver's ED to turn on the knobless radio. Lemon tree, haulover, bayside parties, listening to some of the best music ever made in history. Gymnastics with Mrs. Speedy. Falling in love with Bruce Lytell. To all my friends, past, present and future these memories live strong in my heart and have helped to take me through some tough times later on in life. Most of all, I look forward to seeing everyone and having more good times and creating new memories

Rosie: Playing outside in the rain when I met my kindergarten and life best friend, Brenda Reuhl. Riding tandem to Carvel for a scoop with multi-color sprinkles for 37 cents. Being walked to elementary school by Larry Samuel, my friend, my first crush. Cheerleading at JFK with the "crew" Terri, Nancy and Carol. All of you made me laugh, and still do. Walking to all of my schools, including NMB, over the 15th street bridge, I did not have a car. NMB gymnastics Team Rocks! Rochelle, the best barefoot team manager, and Amy the ballerina. David Tenzel, my friend, your smile will always be in my heart. Coach Sap, my neighbor and best coach, another unforgettable smile! Who can forget Vic Cappillo with the "Smile for Miles" on the driving range and still does. Izzy, Mitch and Brenda, unforgettable laughs! Taking the H bus to the beach. Riding bikes to Haulover with Brenda and Donna. Playing football and buying Icee's at the snack bar.

Linda: Sitting here, thinking about so many memories. I am sure I have a lot of the same ones that will turn up on these pages, but I will write them anyway. Skipping school (bad idea, but who worried about it then) Hanging at 163rd Street shopping center; Shari and her chocolate chip pancakes at IHOP; Sunny Isles almost drowning and Dave Bassing saving me, his van and Greg Allman playing on the 8 Track at Bayside parties; Shari's Firebird...how many people could we fit in there?! Her sweet 16 party, her boat, California. Kissing Larry Samuel at the Civic Center. Concerts w/ Patty Marks, Record Shack. The Peyton's (bad). My first real love, Fred James -RIP. Mary Beth and Charlie & Steve and the neighborhood. Halloween and eggs in front of the Haven's House. Running over the cones in Driver's Ed because Chris S was laughing so hard I couldn't shift. Had a great time, didn't learn much... that came later in life. Love and happiness to you all.

Mark: I remember as the graduating class, they had us sign a parchment that they were going to frame and display at the school. When I was signing, I ripped it. OMG! They were going to kill me! I taped it somehow, and like it never happened, until now. So cool being part of the first graduating class.

Daria: Let me just say that, in my experience, high school sucks. If I had to go do it all over again, I'd have started Advanced Placement classes in pre-school so I could go from 8th grade straight to college. However, given the unalterable fact that high school sucks, I'd like to add that if you're lucky enough to have a good friend and a family that cares, it doesn't have to suck quite as much.

THE AUTISM SOCIETY OF FLORIDA - MIAMI

I have dedicated the last 17 years of my life to help children diagnosed with autism and their families. I love what I do and I'm lucky to have a son who has taught me what's really important in life, and not to take things for granted. The Autism Society of Florida - Miami is a parent based organization, which means we are all parents of children with autism. We not only help our own children, but we reach out and help support as many other parents and caregivers as we can. We're all volunteers and no one draws a salary. We serve more than 4,000 families throughout Dade County. Autism is a lifelong disability that many parents are not prepared to handle. Getting the diagnosis presents a host of challenges to the family on a daily basis. We understand what the child and the family are going through, because we walk the same path. We provide direct support to parents and caregivers. We do trainings in our local schools, we participate in community health fairs, we hold meetings, we offer adults with autism a monthly social outing, we train police officers on how to recognize autism and how to handle calls involving a child/adult with autism. My son and I, along with two other officers, have now trained over 5,000 police officers county wide. Simply put for us, autism awareness isn't just the month of April, it's every day. The Autism Society of Florida - Miami is a non-profit (501 3 c) organization that survives solely on private donations.
